

The Base & Meridian Wildlife Area is right next to Phoenix International Raceway, at 7602 S. Avondale Blvd., Avondale, AZ 85323. PIR is shown on the map with a red icon & label. Please see next map for a closer view.

This is a closer view. As you can see, you will take Avondale Rd. down until you cross the river. You will take the next (sharp) left, and follow it to the end of that road. This is where the event entrance will be set up for the Tres Rios Festival.

And lastly, here's a satellite view of the area. There is a dirt lot right there next to the entrance on the left where you can park.
