

Very important - PARKING - employees must park in the minor league lot and WALK to the main stadium - it is 48th street and Westcourt Way. It's a good 5-7 min walk. IF the employees try and find street parking....they may be late. Please make sure that the guards understand to plan for a walk.

When the guards arrive to the stadium they will enter the stadium and turn right to go to the Operations office - that is where dispatch will be. They will be able to store their items there. There is a fridge there and the stadium provides bottled water.

The guards will be allowed to wear shorts for their shift.
